THE PARTIES

This Master Services Agreement (the **"Agreement"**) is entered into on the Effective Date stated on the cover page, between:

SERVICE PROVIDER

**Code-ox Technologies**

Operating under **WeCare Tech** · Kingdom of Saudi Arabia  
3239 Al Zubair Bin Al Awwam, Al Rawabi District, Riyadh 14215,  
Kingdom of Saudi Arabia  
Email: **shabeeb.k@code-ox.com**  
Phone: **+966 53 571 6437**  
*(hereinafter **"Code-ox"**)*

CLIENT

**Vitality Home Health Services**

(قِيَاتِلِي لِلسَّيْمَةِ وَالتَّجْمِيلِيَةِ الْمَنْزِلِيَّةِ)  
A home healthcare services provider  
**7544 Salim Ibn Maqil, An Nakhe**  
Riyadh, Kingdom of Saudi Arabia  
*(hereinafter **"Vitality"** or the **"Client"**)*

Code-ox Technologies and the Client are referred to individually as a **"Party"** and collectively as the **"Parties"**.

**R** RECITALS

- A** Code-ox Technologies provides, integrates and manages AI-powered products including **AIWA** (an AI-driven WhatsApp / messaging agent platform) and **AIKA** (an AI-driven voice calling agent platform), together with associated automation, integration and analytics components, delivered through Code-ox Technologies' technology partnerships and proprietary service and configuration layer.
- B** The Client operates a home healthcare and wellness service business in the Kingdom of Saudi Arabia and wishes to deploy AIWA and AIKA, configured to its operational workflow, for patient intake, appointment confirmation, follow-up and related coordination activities.
- C** Code-ox Technologies has provided to the Client a commercial proposal dated \_\_\_\_\_, 2026 (the **"Proposal"**), and the Client has accepted that Proposal as varied by the commercial schedule set out at Annexure B.
- D** The Parties wish to record the master terms upon which Code-ox Technologies will provide the Services to the Client.

Now, therefore, in consideration of the mutual covenants set out below, the Parties agree as follows.

NAME

**Vitality Home Health Services**

## 1 DEFINITIONS AND INTERPRETATION

In this Agreement, capitalised terms shall have the meanings set out below, unless the context otherwise requires:

**"AIWA"** means the AI-driven WhatsApp / messaging agent platform provided, configured and managed by Code-ox Technologies, including the associated agent logic, prompts, orchestration workflows, conversation memory, classifiers and supporting configurations as deployed for the Client.

**"AIKA"** means the AI-driven outbound and inbound voice calling agent platform provided, configured and managed by Code-ox Technologies, including the associated agent logic, prompts, voice routing, transcription pipelines and post-call automation as deployed for the Client.

**"Unified Dashboard"** means the operational single-pane dashboard provided by Code-ox Technologies as part of the Services, covering live conversations and calls across AIWA and AIKA, booking pipeline, therapist availability, campaign performance, coordinator inbox for escalations, and export / reporting functions.

**"Code-ox IP"** means all IP rights in Code-ox Technologies' configurations, customisations, workflows, prompt engineering, integrations and deployment artefacts created in connection with the Services, excluding the underlying Technology Platforms.

**"Technology Platforms"** means the underlying AI, telephony and messaging platforms used to power AIWA and AIKA, made available via Code-ox Technologies' confidential technology partnerships.

**"Client Data"** means data provided by, or generated on behalf of, the Client in the course of the Services, including patient records shared by the Client, conversation transcripts arising from Client end-users, and operational logs limited to the Client's instance.

**"Credits"** means the included annual entitlement of (a) AIWA messages and (b) AIKA voice minutes set out in Annexure B.

**"Deliverables"** means the configured AIWA and AIKA instances, integrations and supporting artefacts described in Annexure A.

**"Go-Live"** means the date on which the Deliverables are made available to the Client's end-users in a production environment following successful completion of integration and configuration.

**"Intellectual Property Rights"** or **"IPR"** means all patents, copyrights, database rights, trademarks, service marks, trade secrets, know-how, moral rights, design rights, and all other rights of a similar nature, whether registered or unregistered, anywhere in the world, together with all applications, renewals and extensions thereof.

**"Overage"** means any usage of AIWA messages or AIKA voice minutes in excess of the included Credits during the Term, which is funded on a prepaid basis through the purchase of Top-Up Credits at the rates set out in Annexure B.

**"Pass-Through Costs"** means amounts billed by third parties and re-invoiced to (or borne directly by) the Client, including but not limited to: Meta / WhatsApp Business Platform per-conversation fees, STC and any other telecom SIP termination and per-call charges, SMS gateway subscription and per-message fees, and payment gateway transaction fees. For the avoidance of doubt, AI, LLM, speech-to-text, text-to-speech, voice agent orchestration platform costs, and Saudi-region cloud hosting under fair-use limits, are included in the Annual Licence Fee and borne by Code-ox Technologies as part of the SaaS delivery model.

**"Services"** means the services described in Annexure A and all related professional, configuration, integration and support services provided by Code-ox Technologies to the Client under this Agreement.

**"SOW"** or **"Statement of Work"** means the scope description set out in Annexure A, together with any further written statements of work executed under this Agreement.

**"Term"** has the meaning given in clause 7.

**"Third-Party Services"** means any service, platform, library, API or system operated by a party other than Code-ox Technologies that is required for, or used in connection with, the Services, including without limitation Twilio, Meta / WhatsApp Business API, Google Cloud, AWS, Vapi, OpenAI, Google (Gemini), ElevenLabs, Nixpend HMS, payment gateways, SMS gateways and telecom carriers (including STC).

## 1.1 Interpretation

- Headings are for convenience only and do not affect interpretation.
- References to clauses, annexures and sub-clauses are to clauses, annexures and sub-clauses of this Agreement.
- The singular includes the plural and vice versa.
- "Including" and "in particular" are not words of limitation.
- Any reference to a statute or regulation includes any amendment or replacement thereof.

## 2 SCOPE OF SERVICES

- 2.1** Code-ox Technologies shall provide the Services described in detail at Annexure A (Scope of Services). The scope is fixed and corresponds to the Proposal as accepted by the Client; any work outside that scope shall be treated as a Change Request under clause 11.
- 2.2** The Services constitute a configured deployment of Code-ox Technologies' standard AIWA and AIKA platforms, adapted to the Client's operational workflow. The Services are not a transfer of the underlying platform, source code, or IPR, and do not constitute custom software development for the Client unless expressly stated in an executed SOW.
- 2.3** Code-ox Technologies will perform the Services with reasonable skill and care, using suitably qualified personnel, and on a non-exclusive basis. Code-ox Technologies may sub-contract any part of the Services to its affiliates or to qualified third parties, provided Code-ox Technologies remains responsible for performance.
- 2.4** The Services are provided as a SaaS-based patient-engagement and operations platform. Code-ox Technologies designs, configures and constrains AIWA and AIKA to operate within defined patient-engagement workflows, with safeguards intended to minimise medical inaccuracy in conversations. Notwithstanding such safeguards, AI outputs are inherently probabilistic and may, in rare cases, contain hallucinations, omissions or errors. Code-ox Technologies does not warrant any specific business outcome, conversion rate, accuracy threshold or financial benefit. The Client acknowledges this and retains full responsibility for all clinical, medical, triage and operational decisions made on the basis of any AI output.
- 2.5** The Parties acknowledge that AI technologies and healthcare workflows evolve over time, and may periodically discuss enhancements, workflow refinements and future improvements to the Services.
- 2.6** The detailed list of inclusions is set out at Annexure A, Part 2. The detailed list of exclusions is set out at Annexure A, Part 3 and is binding on the Parties.

## 3 CLIENT OBLIGATIONS AND DEPENDENCIES

- 3.1** The Client shall, at its own cost and within timelines reasonably required by Code-ox Technologies, provide:
- 3.1.1** complete and accurate documentation for the Nixpend HMS API and a technical point of contact at Nixpend with authority to support integration;
  - 3.1.2** credentials, API keys, sandbox access and production access for all Third-Party Services controlled by or licensed to the Client, including HMS, payment gateway, SMS gateway, telecom (STC) and any other system listed in Annexure A;
  - 3.1.3** a verified WhatsApp Business Account with Meta-approved display name and access to the Business Manager;
  - 3.1.4** therapist, service, location and pricing master data required for AIWA and AIKA flows;
  - 3.1.5** timely review and acceptance of milestone deliverables; and
  - 3.1.6** a designated single point of contact authorised to make decisions, approve change requests, and provide written sign-offs.
- 3.2** Code-ox Technologies shall not be liable for any delay, failure or non-performance, and the project timeline shall be extended day-for-day, where such delay results from any act, omission, dependency or third-party blocker on the Client's side, including but not limited to delays in furnishing API documentation, credentials, approvals or feedback.

Vitality Home Health Services

**3 CLIENT OBLIGATIONS AND DEPENDENCIES (CONTINUED)**

- 3.3** The Client shall ensure that all data provided to Code-ox Technologies is lawful, accurate, and obtained with all consents required under applicable law (including Saudi Arabian patient data and telecommunications regulations), and that the Client has the right to make such data available to Code-ox Technologies for the purposes of the Services.
- 3.4** The Client is solely responsible for the content of any broadcast or outbound campaign, the lawfulness of its end-user communications, and compliance with Meta / WhatsApp Business Platform messaging policies and applicable consumer protection rules.
- 3.5** **Patient consents and permissions.** The Client shall be solely responsible for obtaining and maintaining all legally required patient consents, opt-ins, call-recording permissions, marketing permissions and telecommunications approvals required under applicable laws and regulations for WhatsApp messaging, SMS communications, outbound calls, AI-generated voice calls and call recordings.
- 3.6** **Project Pause.** Where the Client delays approvals, feedback, credentials, infrastructure access or other dependencies for more than fifteen (15) consecutive business days, Code-ox Technologies may place the project on hold upon written notice. Any resulting re-onboarding, re-planning or restart effort may be treated as a Change Request under clause 11.
- 3.7** **Cooperation.** The Parties acknowledge that successful deployment of the Services requires active cooperation and timely communication, and each Party agrees to act reasonably and in good faith in supporting the implementation and operational success of the Services.

**4 ANNUAL CREDITS, TOP-UP AND PREPAID OVERAGE**

- 4.1** The Annual Licence includes the Credits set out in Annexure B. The Credits represent the aggregate entitlement of AIWA messages and AIKA voice minutes available to the Client during the Term and are non-transferable, non-exchangeable between products (i.e., AIWA messages cannot be substituted for AIKA minutes or vice versa) and non-refundable.
- 4.2** Unused Credits at the end of the Term shall expire and shall not carry forward, unless the Client renews the Agreement under clause 7, in which case unused Credits (if any) may be rolled into the renewal period at Code-ox Technologies' discretion.
- 4.3** **Prepaid overage credits.** Any usage beyond the included Credits shall be funded by the Client through the prior purchase of additional credit packs ("**Top-Up Credits**") at the per-unit rates set out in Annexure B. The Services operate on a prepaid model: the Client purchases Top-Up Credits in advance, and the Services consume those Credits as usage occurs. No postpaid or month-end invoicing for overage shall apply.
- 4.4** When included Credits are depleted, Code-ox Technologies shall notify the Client and the Client shall promptly purchase Top-Up Credits to ensure uninterrupted operation. Code-ox Technologies may also offer auto top-up arrangements on terms separately agreed in writing.
- 4.5** Top-Up Credits are consumed only after included Credits for the Term are exhausted. Top-Up Credits are valid until the end of the Term and any unused Top-Up Credits at Term expiry are non-refundable.
- 4.6** Code-ox Technologies maintains usage logs which shall be made available to the Client on request. Such logs shall, save for manifest error, be conclusive evidence of usage for the purpose of computing Credit consumption.
- 4.7** Code-ox Technologies reserves the right to temporarily throttle, rate-limit or suspend the Services where: (a) included Credits are exhausted and no Top-Up Credits have been purchased; or (b) usage patterns indicate abuse, spam, prohibited content, or breach of Meta / WhatsApp Business Platform policy. Any such throttling or suspension shall not constitute a breach of this Agreement by Code-ox Technologies.

5 FEES, PAYMENT SCHEDULE AND TAXES

ANNUAL LICENCE FEE

SAR 63,000

Saudi Riyals Sixty-Three Thousand Only

Payable in two milestones as set out in clause 5.2.  
Exclusive of VAT, withholding tax and Pass-Through Costs.  
Currency: Saudi Riyal (SAR).

- 5.1 In consideration of the Services, the Client shall pay Code-ox Technologies the Annual Licence Fee of **SAR 63,000 (Saudi Riyals Sixty-Three Thousand Only)**, payable in accordance with the milestone schedule set out at Annexure B.
- 5.2 The payment milestones are as follows, and are non-refundable once invoiced or due:

| Milestone               | %    | Amount (SAR) | Trigger                                                                                                     |
|-------------------------|------|--------------|-------------------------------------------------------------------------------------------------------------|
| 5.2.1 — Advance Payment | 50%  | 31,500       | Upon execution of this Agreement and before commencement of setup, configuration or integration activities. |
| 5.2.2 — Final Payment   | 50%  | 31,500       | Upon successful completion of User Acceptance Testing (UAT) and Client sign-off.                            |
| Total                   | 100% | 63,000       | SAR · Saudi Riyal                                                                                           |

- 5.3 Production deployment and Go-Live activities shall commence only after receipt of the 50% advance payment in cleared funds.
- 5.4 All fees are quoted in Saudi Riyals (SAR), are exclusive of all applicable taxes, and are payable without deduction, set-off or counterclaim. **Value Added Tax (VAT), withholding tax, customs duties**, Meta / WhatsApp Business Platform per-conversation fees, STC and other telecom SIP and per-call charges, SMS gateway fees and payment gateway transaction fees shall be borne by the Client in addition to the fees stated above. For the avoidance of doubt, AI, LLM, speech-to-text, text-to-speech, voice agent orchestration platform costs, and Saudi-region cloud hosting under fair-use limits, are included in the Annual Licence Fee and borne by Code-ox Technologies.
- 5.5 If withholding tax is required to be deducted at source under the laws of the Kingdom of Saudi Arabia, the Client shall gross up the payment such that Code-ox Technologies receives, net of any such deduction, the full amount that would have been payable had no such deduction been required, and the Client shall provide tax deduction certificates promptly upon issuance.
- 5.6 Payments shall be made by wire transfer to the bank account nominated by Code-ox Technologies in writing. Bank charges on the remitter's side shall be borne by the Client and those on the beneficiary's side by Code-ox Technologies, unless the remitter has elected an "OUR" instruction in which case all bank charges shall be borne by the Client.
- 5.7 All invoices are due and payable within **seven (7) days** of the invoice date. Delayed payments may trigger suspension of the Services under clause 4.7.
- 5.8 If any milestone instalment remains unpaid for more than **fifteen (15) days** from the due date, Code-ox Technologies may suspend the Services in whole or in part without further notice. If non-payment continues for more than **thirty (30) days** from the due date, Code-ox Technologies may additionally terminate this Agreement for material breach in accordance with clause 12.

6

DELIVERY, ACCEPTANCE AND GO-LIVE

- 6.1
- Code-ox Technologies shall deliver the Services in phases as set out in Annexure A. Each milestone deliverable shall be accompanied by a brief acceptance note describing what is being handed over, the scope covered, and any known limitations.
- 6.2
- The Client shall conduct user acceptance testing ("UAT") on each milestone deliverable within **five (5) business days** of receipt. The Client shall raise any objections in writing, identifying with reasonable particularity any failure of the deliverable to meet the scope set out in Annexure A.
- 6.3
- If the Client does not raise such written objections within the five (5) business day UAT window, the deliverable shall be deemed accepted ("**Deemed Acceptance**"). Any commencement of production or commercial use of a deliverable by the Client shall also constitute acceptance of that deliverable.
- 6.4
- Code-ox Technologies shall remediate any objection that identifies a failure to meet the scope set out in Annexure A within a reasonable timeframe and at no additional cost. Issues not relating to scope failures (including feature requests, refinements or enhancements identified during UAT) shall be treated as Change Requests under clause 11.
- 6.5
- A second UAT cycle may be conducted following remediation. UAT cycles beyond the second shall be billable if attributable to changing Client requirements rather than failure of the deliverable.

**Delivery** → 5 business-day review window → **Written objections** (scope failures only) → Remediation by Code-ox → **Second UAT** → Deemed Acceptance or Production Go-Live. Feature requests and refinements raised during UAT are Change Requests and billable separately.

7

ANNUAL LICENCE MODEL, TERM AND RENEWAL

- 7.1
- Annual licensing only.** The Services are provided exclusively under an annual licence model. Code-ox Technologies does not offer, and the Client is not granted, any perpetual, irrevocable, one-time-purchase or otherwise non-time-limited right to access or use the Services, AIWA, AIKA, the Unified Dashboard or any Code-ox IP. The Client's right to use the Services exists only for so long as a valid annual licence is in force.
- 7.2
- This Agreement shall commence on the Effective Date and shall continue for a fixed annual licence term of **twelve (12) months from Go-Live** (the "**Initial Term**"), unless terminated earlier in accordance with this Agreement.
- 7.3
- Upon expiry of the Initial Term, this Agreement shall automatically renew for successive annual licence periods of twelve (12) months (each, a "**Renewal Term**") at the then-prevailing annual licence rates of Code-ox Technologies, unless either Party gives written notice of non-renewal at least **sixty (60) days** prior to the expiry of the then-current term. Renewal pricing may be revised by Code-ox Technologies to reflect inflation, increases in third-party service costs, telecommunications costs, AI infrastructure costs, cloud hosting costs or changes in market pricing.
- 7.4
- The Initial Term and any Renewal Term are together referred to as the "**Term**". Each Renewal Term is a fresh annual licence requiring full payment of the renewal Annual Licence Fee in accordance with the milestone schedule then notified by Code-ox Technologies.
- 7.5
- For the avoidance of doubt: (a) the Annual Licence Fee corresponds to the Initial Term; (b) Renewal Terms shall be invoiced separately at the rates then in force; (c) on expiry or non-renewal of the Term, the Client's licence to use the Services and the Code-ox IP shall immediately terminate; and (d) no fees paid in respect of any Term shall be refundable on account of non-renewal or termination, save as expressly provided in clause 12.4.

|                                                  |                                                                |                                                              |

## 8 INTELLECTUAL PROPERTY RIGHTS

- 8.1 Ownership of Code-ox IP.** The Client acknowledges and agrees that all Intellectual Property Rights in the Code-ox IP (as defined in clause 1) — comprising Code-ox Technologies' configurations, customisations, prompt engineering, workflow designs, integration artefacts, operational methodologies and deployment-specific implementations — are and shall remain the sole and exclusive property of Code-ox Technologies. The Client further acknowledges that the Services are delivered in part through Technology Platforms made available to Code-ox Technologies via confidential technology partnerships, and that the Client acquires no rights whatsoever in such Technology Platforms. Nothing in this Agreement shall be construed as a sale, assignment or transfer of any Code-ox IP or rights in any Technology Platform to the Client.
- 8.2 Annual Licence.** Subject to payment of the Annual Licence Fee in accordance with clause 5 and the Client's continued compliance with this Agreement, Code-ox Technologies grants the Client a non-exclusive, non-transferable, non-sublicensable, time-limited annual licence to access and use the Services solely for the Client's internal business operations within the Kingdom of Saudi Arabia, for the duration of the Term and no longer. The licence shall lapse automatically on the earlier of (i) expiry of the Term without renewal, (ii) termination of this Agreement, or (iii) any non-payment of the Annual Licence Fee or any milestone instalment thereof. No perpetual or irrevocable licence is granted under this Agreement.
- 8.3 Client Restrictions.** The Client shall not, and shall not permit any third party to:
- 8.3.1** copy, modify, reverse engineer, decompile or disassemble any part of AIWA, AIKA or the Code-ox IP;
  - 8.3.2** extract, replicate or attempt to derive the prompts, agent logic, workflows or source code of the Services;
  - 8.3.3** resell, lease, sub-license, distribute, white-label, or otherwise commercially exploit the Services or the Code-ox IP for the benefit of any third party;
  - 8.3.4** use the Services to build, train or evaluate a competing product or service; or
  - 8.3.5** remove or alter any proprietary notices, marks or branding on materials provided by Code-ox Technologies.
- 8.4 Client Data.** As between the Parties, the Client retains ownership of the Client Data. For clarity, Code-ox Technologies claims no ownership over the Client's patient records or underlying healthcare records. The Client grants Code-ox Technologies a non-exclusive, royalty-free, worldwide licence to use, copy, process, transmit and display the Client Data solely for the purpose of providing the Services, performing analytics on a non-identifying basis, troubleshooting, and improving the Services. Aggregated, anonymised and statistical data derived from the Client Data may be retained and used by Code-ox Technologies for any lawful purpose, including the improvement of its products and services.
- 8.5 Feedback.** Any suggestions, feedback, ideas, recommendations or proposed improvements provided by the Client in relation to the Services shall be deemed assigned to Code-ox Technologies on a perpetual, irrevocable, royalty-free basis, and Code-ox Technologies may incorporate the same into its products and services without restriction or compensation.
- 8.6 Pre-Existing IP.** Each Party retains all right, title and interest in its pre-existing Intellectual Property Rights. This Agreement does not transfer any such rights other than the limited licences expressly granted herein.
- 8.7 No Reverse Engineering.** The Client acknowledges that the Services, including all configurations, workflow designs, prompt engineering and integration artefacts, contain valuable trade secrets and confidential know-how of Code-ox Technologies, and that the Technology Platforms underlying the Services are proprietary to Code-ox Technologies' technology partners. Any breach of clause 8.3 shall constitute a material breach of this Agreement and shall entitle Code-ox Technologies to seek injunctive relief in addition to any other remedies available at law or in equity.

9

CONFIDENTIALITY

- 9.1
- Each Party (the **"Receiving Party"**) shall keep confidential all non-public information disclosed to it by the other Party (the **"Disclosing Party"**), including business plans, technical material, pricing, customer information, and the terms of this Agreement (collectively, **"Confidential Information"**).
- 9.2
- The Receiving Party shall use the Confidential Information solely for the purpose of performing its obligations under this Agreement, shall protect it with at least the same degree of care that it uses for its own confidential information (and in any event no less than reasonable care), and shall not disclose it to any third party except to its employees, advisors and sub-contractors who have a need to know and who are bound by confidentiality obligations no less protective than those set out herein.
- 9.3
- The obligations in this clause 9 shall not apply to information that: (a) is or becomes publicly known through no breach of this Agreement; (b) was rightfully known to the Receiving Party prior to disclosure; (c) is independently developed without use of the Confidential Information; or (d) is required to be disclosed by law or competent authority, provided that the Receiving Party gives prompt notice to the Disclosing Party where legally permitted.
- 9.4
- The commercial terms set out in this Agreement and the Proposal are strictly confidential and shall not be disclosed by the Client to any third party (other than its professional advisors bound by confidentiality) without Code-ox Technologies' prior written consent.
- 9.5
- The obligations in this clause 9 shall survive termination of this Agreement for a period of **five (5) years**.

 Breach of clause 8.3 (Client Restrictions) or disclosure of Confidential Information in breach of clause 9 constitutes a **material breach** entitling Code-ox Technologies to seek injunctive relief without the need to prove actual damages.

10

DATA PROTECTION, HOSTING AND SECURITY

- 10.1
- To the extent that Code-ox Technologies processes personal data on behalf of the Client in the course of the Services, Code-ox Technologies shall do so as a **data processor** acting on the documented instructions of the Client. The Client is and shall remain the **data controller** of all such personal data.
- 10.2
- Hosting and data residency.** The Services shall be deployed on a Saudi-region cloud environment selected by Code-ox Technologies, where the primary data store (patient records, conversations, call recordings, documents and bookings) shall reside. Certain processing operations performed by Third-Party Services (including LLM, speech-to-text and text-to-speech APIs) may take place in regions outside the Kingdom of Saudi Arabia in accordance with the relevant provider's infrastructure; such transient processing is essential to the operation of the Services.
- 10.3
- Technical security measures.** Code-ox Technologies shall implement the following technical and organisational measures, in addition to such other measures as are reasonable having regard to the state of the art:

| Measure                        | Detail                                                                             |
|--------------------------------|------------------------------------------------------------------------------------|
| 10.3.1 — Encryption in transit | TLS 1.2 or higher for all external traffic                                         |
| 10.3.2 — Encryption at rest    | AES-256 (or equivalent) for databases, call recordings and stored documents        |
| 10.3.3 — Secrets management    | Encrypted secrets management for API keys, SIP credentials and Nixpend tokens      |
| 10.3.4 — Access control        | Role-based access control for Code-ox Technologies personnel                       |
| 10.3.5 — Audit trail           | Audit trail of booking actions, escalations and data access for operational review |

- 10.4
- Operational continuity.** Code-ox Technologies shall maintain reasonable backup, monitoring and operational continuity practices appropriate for a SaaS-based patient engagement platform, including periodic data backups, platform health monitoring, and basic incident escalation procedures.

**10 DATA PROTECTION, HOSTING AND SECURITY (CONTINUED)**

- 10.5 Cybersecurity incident response.** In the event of a confirmed cybersecurity incident materially affecting Client Data within Code-ox Technologies' control, Code-ox Technologies shall: (a) notify the Client without undue delay after confirmation; (b) take reasonable steps to contain, remediate and investigate the incident; (c) cooperate with the Client in any regulatory notifications required by applicable law; and (d) maintain a record of the incident and remediation actions.
- 10.6** The Client warrants that it has obtained all necessary consents and notices from data subjects under applicable Saudi Arabian data protection laws (including the **Personal Data Protection Law of the Kingdom of Saudi Arabia**) and any other applicable law, prior to providing personal data to Code-ox Technologies.
- 10.7** The Parties shall, if required by applicable law, execute a separate Data Processing Agreement which shall supplement this Agreement.
- 10.8** The Client acknowledges that formal compliance certifications and regulatory audits, including but not limited to PDPL audit, ISO 27001, SOC 2, HIPAA, NHIES, SDAIA AI Ethics certification, and any other similar national or international certification, are **not in scope** for this engagement. Where Vitality's IT, legal or regulatory team subsequently requires any such formal certification, the same shall be scoped as an additional engagement under clause 11.
- 10.9** Code-ox Technologies shall not be liable for any loss, downtime, corruption or unauthorised access to Client Data arising from: (a) the Client's failure to maintain the security of its own credentials, accounts or systems; (b) the acts, omissions, outages or security failings of any Third-Party Service; (c) the Client's instructions to Code-ox Technologies; (d) global or regional cloud-provider incidents; or (e) acts of God, natural disasters, war, terrorism, pandemic, regulatory action, or other events of force majeure.

**11 CHANGE REQUESTS AND ADDITIONAL WORK**

- 11.1** Any modification, addition or enhancement to the scope set out in Annexure A, including without limitation additional features, additional integrations, additional languages, custom dashboards, new automations, additional channels or expansion to additional clinical sites, shall constitute a **"Change Request"**.
- 11.2** The Client may submit a Change Request in writing. Code-ox Technologies shall respond with a written estimate of the additional fees, timeline impact and any other commercial implications. Work on a Change Request shall commence only upon written acceptance of such estimate by the Client and, where Code-ox Technologies so requires, payment of an advance.
- 11.3** Change Requests are billable in addition to the Annual Licence Fee and shall not be deducted from, or set off against, the Credits.
- 11.4** Where a Change Request is necessitated by a change in Third-Party Service APIs, regulatory requirements, or other matters outside Code-ox Technologies' control, Code-ox Technologies reserves the right to charge for the resulting work at its then-current professional services rates.

**12 SUSPENSION AND TERMINATION**

- 12.1 Termination for cause.** Either Party may terminate this Agreement immediately by written notice if the other Party: (a) commits a material breach of this Agreement that is not capable of remedy; (b) commits a material breach that is capable of remedy and fails to remedy it within **fifteen (15) days** of receipt of written notice; or (c) becomes insolvent, enters into liquidation, is the subject of a winding-up petition, makes an arrangement with creditors, or ceases or threatens to cease to carry on business.
- 12.2 Suspension by Code-ox Technologies.** Code-ox Technologies may, without liability and without prejudice to its other rights, immediately suspend the Services in whole or in part if: (a) any invoice is overdue by more than fifteen (15) days; (b) the Client materially breaches clause 8 (Intellectual Property Rights) or clause 9 (Confidentiality); (c) usage indicates abuse, spam, prohibited content, or breach of Meta / WhatsApp Business Platform policy; or (d) Code-ox Technologies reasonably believes that continued provision of the Services would expose it to legal, reputational, regulatory or technical risk.
- 12.3 Termination for convenience by the Client.** The Client may terminate this Agreement for convenience prior to expiry of the Term by giving **sixty (60) days'** written notice. In such case, all fees already paid are non-refundable and any unpaid milestones that have fallen due or for which work has commenced shall become immediately due and payable. Unused Credits at the date of such termination shall be forfeited.

SUSPENSION AND TERMINATION (CONTINUED)

- 12.4
- Termination by Code-ox Technologies for convenience. Code-ox Technologies may terminate this Agreement for convenience by giving **ninety (90) days'** written notice, in which case Code-ox Technologies shall refund the pro-rata portion of any unutilised, prepaid Annual Licence Fee in respect of the period after the effective date of termination. No other refund or compensation shall be payable.
- 12.5
- Consequences of termination. On expiry or termination of this Agreement for any reason:
- 12.5.1
- the licences granted under clause 8.2 shall immediately terminate, and the Client shall cease all use of the Services and Code-ox IP;
- 12.5.2
- each Party shall return or destroy the Confidential Information of the other Party (save for one archival copy retained for legal compliance);
- 12.5.3
- all unpaid fees, charges, Overage and Pass-Through Costs shall become immediately due and payable;
- 12.5.4
- any Client Data shall be made available to the Client for a period of **thirty (30) days** from termination, after which Code-ox Technologies may delete it from its production systems (subject to retention obligations under law);
- 12.5.5
- all prepaid amounts shall be non-refundable, save as expressly provided in clause 12.4; and
- 12.5.6
- those clauses which by their nature are intended to survive (including clauses 5, 8, 9, 10, 13, 14, 15, 16 and 18) shall survive.

|                           |                                |                                |
|---------------------------|--------------------------------|--------------------------------|

| <b>60 days</b>            | <b>90 days</b>                 | <b>30 days</b>                 |
| No refund on paid fees    | Pro-rata refund of unused fees | Post-termination, then deleted |

13

REPRESENTATIONS, WARRANTIES AND DISCLAIMERS

- 13.1
- Each Party represents and warrants to the other that: (a) it is duly organised and validly existing; (b) it has full power and authority to enter into and perform this Agreement; and (c) its execution of this Agreement does not breach any other agreement to which it is a party.
- 13.2
- Code-ox Technologies warrants that the Services will be performed with reasonable skill and care in accordance with prevailing industry standards.
- 13.3
- Disclaimer.** Save as expressly set out in this Agreement, and to the maximum extent permitted by applicable law, Code-ox Technologies disclaims all other warranties, representations, terms and conditions, whether express or implied, statutory or otherwise, including without limitation any implied warranties of merchantability, fitness for a particular purpose, satisfactory quality, accuracy, completeness, non-infringement, or uninterrupted or error-free operation.
- 13.4
- Without limiting clause 13.3, Code-ox Technologies does not warrant that: (a) the Services will achieve any particular business outcome, conversion rate, response rate, or revenue uplift; (b) AI-generated outputs will be free of error, bias, hallucination or omission; (c) the Services will be available without interruption or that performance of any Third-Party Service will meet any service level; (d) the Services will be compatible with all third-party software, hardware or platforms; or (e) any specific message, call or conversation will be delivered, completed or successful.
- 13.5
- The Client acknowledges that AIWA and AIKA rely on Third-Party Services and Technology Platforms (including but not limited to AI platform providers, Meta / WhatsApp Business Platform, Twilio, Vapi, OpenAI, Google, ElevenLabs and STC) which are outside Code-ox Technologies' direct control, and that any change, outage, deprecation, pricing change or policy change in such Third-Party Services or Technology Platforms may affect the Services. Code-ox Technologies shall not be liable for the acts, omissions or failures of any Third-Party Service or Technology Platform provider.
- 13.6
- No medical advice or diagnosis.** The Services are administrative and patient-engagement tools only and are not intended to diagnose, treat, cure, prevent or monitor any medical condition, provide medical advice, or replace licensed healthcare professionals. The Client remains solely responsible for all clinical judgment, medical triage, treatment decisions and patient care.
- 13.7
- No emergency or life-critical use.** The Services are not intended for emergency communications, emergency dispatch, urgent medical triage, or any life-critical use case. The Client shall ensure that patients are informed not to rely on the Services for medical emergencies and shall maintain appropriate emergency-response procedures independent of the Services.

14 LIMITATION OF LIABILITY

14.1 **Excluded losses.** To the maximum extent permitted by applicable law, in no event shall Code-ox Technologies be liable to the Client, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any of the following, even if such loss was foreseeable or Code-ox Technologies was advised of the possibility of such loss:

| #      | Excluded Category                                                                                                  |
|--------|--------------------------------------------------------------------------------------------------------------------|
| 14.1.1 | Loss of profits, revenue, anticipated savings or business opportunity                                              |
| 14.1.2 | Loss of goodwill, reputation or customer base                                                                      |
| 14.1.3 | Loss, corruption or damage to data (save for liability arising from Code-ox Technologies' wilful misconduct)       |
| 14.1.4 | Loss arising from interruption or failure of any Third-Party Service                                               |
| 14.1.5 | Loss arising from inaccuracy, error, bias or hallucination of AI-generated output                                  |
| 14.1.6 | Loss arising from the Client's clinical, medical, or operational decisions made on the basis of any Service output |
| 14.1.7 | Indirect, special, incidental, consequential, punitive or exemplary damages                                        |

14.2 **Aggregate cap.** Subject to clause 14.3, Code-ox Technologies' aggregate liability arising under or in connection with this Agreement, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, in respect of all claims arising in any twelve (12) month period shall not exceed **one hundred percent (100%) of the fees actually paid by the Client to Code-ox Technologies** under this Agreement in the twelve (12) months immediately preceding the event giving rise to the claim, capped at the Annual Licence Fee then in force.

14.3 **Unlimited liability.** Nothing in this Agreement shall exclude or limit either Party's liability for: (a) death or personal injury caused by its negligence; (b) fraud or fraudulent misrepresentation; or (c) any other liability that cannot lawfully be excluded or limited.

14.4 The Client acknowledges that the limitations and exclusions in this clause 14 are reasonable having regard to: (i) the nature of the Services as commercially-priced SaaS-based AI patient-engagement tools; (ii) the absence of warranty as to AI output accuracy; (iii) the inherent dependence on Third-Party Services; and (iv) the fees payable under this Agreement.

15 INDEMNIFICATION BY THE CLIENT

15.1 The Client shall indemnify, defend and hold harmless Code-ox Technologies, its affiliates, officers, directors, employees, agents and sub-contractors against all losses, damages, liabilities, costs and expenses (including reasonable legal fees) arising out of or in connection with:

- 15.1.1 any breach by the Client of clause 3 (Client Obligations), clause 8 (Intellectual Property), clause 9 (Confidentiality) or clause 10 (Data Protection);
- 15.1.2 any claim brought by an end-user, patient, regulator or third party arising from the Client's content, instructions, configurations, broadcasts or use of the Services;
- 15.1.3 any claim arising from the Client's clinical, medical or operational decisions, or its delivery of healthcare services to its patients;
- 15.1.4 any claim that the Client Data infringes any Intellectual Property Right, right of privacy or other right of any third party; or
- 15.1.5 any breach by the Client of applicable law, including Saudi Arabian healthcare regulations and data protection laws.

16 FORCE MAJEURE

16.1 Neither Party shall be liable for any delay or failure to perform any obligation under this Agreement (other than an obligation to pay) where such delay or failure results from any cause beyond its reasonable control, including without limitation acts of God, war, terrorism, civil unrest, pandemic, epidemic, government action, sanctions, embargo, internet, hosting or telecom outage, cyber-attack, or failure of any Third-Party Service.

16.2 If a force majeure event continues for more than **sixty (60) consecutive days**, either Party may terminate this Agreement by written notice without further liability.

**17 NON-SOLICITATION**

- 17.1** During the Term and for **twelve (12) months** thereafter, the Client shall not, without Code-ox Technologies' prior written consent, directly or indirectly solicit, hire or engage any employee, contractor or sub-contractor of Code-ox Technologies who has been materially involved in the Services. General recruitment advertising not specifically targeted at Code-ox Technologies personnel shall not be a breach of this clause.
- 17.2** The Client acknowledges that the actual damages caused by breach of this clause 17 would be difficult to quantify and agrees that, in the event of breach, the Client shall pay to Code-ox Technologies an amount equal to **one hundred percent (100%) of the relevant person's gross annual salary** as liquidated damages, which the Parties agree is a genuine pre-estimate of loss.

**18 GOVERNING LAW AND DISPUTE RESOLUTION**

- 18.1** This Agreement and any dispute, claim or matter arising out of or in connection with it (including non-contractual disputes) shall be governed by, and construed in accordance with, the **laws of the Kingdom of Saudi Arabia**.
- 18.2** The Parties shall first attempt in good faith to resolve any dispute by amicable negotiation between senior representatives within **thirty (30) days** of written notice of dispute.
- 18.3** Any dispute not resolved by negotiation shall be referred to and finally resolved by arbitration under the **Saudi Arbitration Law (Royal Decree No. M/34 of 2012)** and the rules of the **Saudi Center for Commercial Arbitration (SCCA)**. The arbitration shall be conducted by a sole arbitrator appointed by mutual agreement of the Parties, or, failing agreement within thirty (30) days, appointed by the SCCA. The seat and venue of arbitration shall be **Riyadh, Kingdom of Saudi Arabia**. The language of the arbitration shall be English. The award of the arbitrator shall be final and binding on the Parties.
- 18.4** Notwithstanding the above, either Party may seek urgent interim or injunctive relief from any court of competent jurisdiction to protect its Intellectual Property Rights or Confidential Information.
- 18.5** Subject to clause 18.4, the courts of **Riyadh, Kingdom of Saudi Arabia** shall have exclusive jurisdiction over any matter arising out of or in connection with this Agreement.

**19 GENERAL PROVISIONS**

- 19.1 Entire agreement.** This Agreement, together with the Annexures and any executed SOW, constitutes the entire agreement between the Parties. In the event of conflict, the order of precedence shall be: (i) the main body of this Agreement; (ii) the Annexures; (iii) any executed SOW; and (iv) the Proposal.
- 19.2 Amendment.** No amendment or variation of this Agreement shall be effective unless in writing and signed by authorised representatives of both Parties.
- 19.3 Assignment.** The Client shall not assign, novate or otherwise transfer this Agreement or any of its rights or obligations without Code-ox Technologies' prior written consent. Code-ox Technologies may assign or novate this Agreement to any affiliate or successor in business without consent on written notice to the Client.
- 19.4 Sub-contracting.** Code-ox Technologies may sub-contract any of its obligations under this Agreement, provided that it shall remain responsible to the Client for the performance of such obligations.
- 19.5 Severability.** If any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions shall remain in full force and effect.
- 19.6 No waiver.** The failure or delay of either Party to enforce any right shall not constitute a waiver of that right.
- 19.7 No partnership.** Nothing in this Agreement shall create a partnership, joint venture, agency or employment relationship between the Parties.

**19 GENERAL PROVISIONS** (CONTINUED)

- 19.8** **Publicity.** Code-ox Technologies may identify the Client as a customer in its marketing materials, website, case studies and credentials decks, using the Client's name and logo, subject to the Client's reasonable branding guidelines. Either Party may issue a joint press release subject to the other Party's written approval.
- 19.9** **Counterparts and electronic execution.** This Agreement may be executed in counterparts, each of which shall be deemed an original. Execution by electronic signature, scanned copy or DocuSign / Adobe Sign shall be valid and binding.
- 19.10** **Third-party rights.** No person other than the Parties shall have any right to enforce any term of this Agreement.
- 19.11** **No exclusivity.** Nothing in this Agreement restricts Code-ox Technologies from providing services similar to the Services to any other person or entity, including competitors of the Client.
- 19.12** **Notices.** All notices shall be in writing and sent by email and courier to the addresses set out below, and shall be deemed received: (a) for email, on the next business day after dispatch; (b) for courier, on the second business day after dispatch.

Vitality Home Health Services

ANNEXURE A

Scope of Services

Integral part of Agreement  
COX-MSA-VTL-2026-001

A-1 SOLUTION OVERVIEW

Code-ox Technologies shall design, configure and deploy a unified, always-on patient coordination platform for Vitality, spanning voice and WhatsApp, integrated directly with Vitality's Nixpend HMS, and hosted on Saudi-region cloud infrastructure. The platform comprises four operational components:

AIWA

Arabic (Najdi) & English bilingual WhatsApp agent for 24/7 inbound conversations and outbound marketing campaigns.

AIKA

24/7 AI receptionist for inbound calls, therapist confirmation, patient reminders and outbound marketing dialling.

UNIFIED DASHBOARD

Single pane covering conversations, bookings, therapist status, campaign performance and escalations across AIWA & AIKA.

INTEGRATION LAYER

Bi-directional connectivity with Nixpend HMS, SMS Gateway, Payment Gateway, Google Maps and Email integrations.

A-2 INCLUSIONS (ANNUAL LICENCE)

(A) AIWA — WhatsApp Agent

- ✓ 24/7 inbound patient conversations in Arabic (Najdi) and English within the same chat
- ✓ Conversational booking: service-type capture, preferred date/time, location capture
- ✓ Document handling for images (JPEG, PNG) and PDFs: prescriptions, referrals, wound photos, medical reports
- ✓ Automated booking confirmation, cancellation and reschedule flows with HMS write-back
- ✓ Post-service patient feedback capture via WhatsApp (structured rating + optional free-text)
- ✓ Patient escalation messaging to human coordinator with full conversation context
- ✓ Outbound marketing campaigns: up to 4 broadcasts/month; up to 30 Meta-approved templates; patient segmentation

(B) AIKA — Voice Agent

- ✓ 24/7 inbound AI receptionist in Arabic (Najdi) and English
- ✓ Conversational booking over voice with HMS write-back
- ✓ Automated patient reminder calls ~2 hours before every appointment
- ✓ Outbound confirmation call to assigned therapist after each booking (language detection per therapist)
- ✓ Cancellation and reschedule handling over voice with HMS write-back
- ✓ Post-service feedback calls with structured outcome capture
- ✓ Outbound marketing voice campaigns: call list management, scheduling, retry logic, outcome capture per call

(C) Unified Dashboard

- ✓ Single pane covering AIKA and AIWA across all numbers and campaigns
- ✓ Live view of active conversations and ongoing calls
- ✓ Booking pipeline view with full milestone status (requested → matched → confirmed → reminded → completed)
- ✓ Therapist view with availability, district assignments and current bookings
- ✓ Campaign performance metrics for WhatsApp and voice outbound
- ✓ Coordinator inbox for escalations with full conversation and call context
- ✓ Up to 8 coordinator user accounts with role-based access; export and reporting functions

NAME

SIGNATURE

Code-ox Technologies

Vitality Home Health Services

(D) Integrations

- ✓ **Nixpend HMS:** therapist-availability lookup, district-based matching, booking write-back, patient-record sync (REST API assumed)
- ✓ **SMS Gateway:** transactional patient messaging where WhatsApp is unavailable or as a fallback channel
- ✓ **Payment Gateway:** payment-link generation, collection and reconciliation against bookings
- ✓ **SIP Trunk:** integration with Vitality's STC infrastructure for AIKA telephony
- ✓ **WhatsApp Business API:** BSP setup, account verification, display-name approval, template workflow with Meta
- ✓ **Multi-number setup:** up to 3 WhatsApp Business numbers and 1 AIKA voice number included
- ✓ **Google Maps & Email:** location capture for address resolution; therapist notifications and escalation alerts

(E) Hosting, Security & Platform

- ✓ Full platform build, configuration and deployment on Saudi-region cloud environment selected by Code-ox Technologies
- ✓ Saudi-region cloud hosting included on a fair-use basis (standard operational usage commensurate with Credits)
- ✓ TLS 1.2+ in transit; AES-256 at rest for databases, call recordings and stored documents
- ✓ Encrypted secrets management; audit trail of booking actions, escalations and data access
- ✓ AI processing costs borne by Code-ox Technologies (LLM, STT, TTS, voice orchestration)

(F) Onboarding, Support & Entitlements

- ✓ Annual entitlement: **AIKA 15,000 voice minutes** and **AIWA 58,000 inbound messages** per Term
- ✓ Onboarding and training of Vitality coordinator users (remote, up to 2 sessions of 1 hour each)
- ✓ Standard support: Monday–Friday, 09:00–18:00 AST, by email and designated chat channel
- ✓ Acknowledgement within 1 business day; reasonable-effort resolution based on severity
- ✓ Bug fixes for defects attributable to Code-ox Technologies' configuration; routine platform updates

A.3 EXCLUSIONS (EXPRESSLY NOT INCLUDED)

- ✗ VAT, withholding tax, customs duties and any other taxes or government levies
- ✗ SIP trunk carrier costs and per-call telecom termination charges (STC or other carrier)
- ✗ Third-party SMS gateway subscription fees and per-message charges
- ✗ Payment gateway transaction fees (HyperPay, PayTabs, Moyasar, Checkout.com or other)
- ✗ Meta / WhatsApp Business Platform per-conversation fees (BSP provisioning is included; per-conversation charges are not)
- ✗ Formal compliance certification (PDPL audit, ISO 27001, SOC 2, HIPAA or similar)
- ✗ Additional languages beyond Najdi Arabic and English
- ✗ Integration with any system not expressly listed in Part 2(D); EMR integration beyond Nixpend HMS
- ✗ On-site training, on-site deployment and any hardware
- ✗ Disaster-recovery testing, penetration testing or third-party security audits commissioned by Vitality
- ✗ Support outside AST business hours; 24/7 monitoring; formal SLA commitments (available as Premium Support add-on)
- ✗ Any deliverable, feature, integration or activity not expressly listed in Part 2 above

A-4 PROJECT TIMELINE

The indicative timeline from kickoff to production Go-Live is **two (2) months**, structured as follows. Timelines are indicative and subject to the dependencies set out at clause 3. The timeline assumes that Nixpend HMS, the selected payment gateway and the selected SMS gateway are fully functional from day one with sandbox access provided at kickoff.

| Phase                                         | Duration         | Key Activities                                                                                                                                                                                                                                                                             |
|-----------------------------------------------|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Phase 1</b><br>Kickoff & Discovery         | <b>Week 1</b>    | Requirements freeze, Nixpend API review, sandbox access provisioning, master data templates, WhatsApp BSP setup confirmation, STC SIP integration design, SMS/payment gateway provider selection.                                                                                          |
| <b>Phase 2</b><br>Build, Config & Integration | <b>Weeks 2–6</b> | AIWA build (inbound + outbound campaign module + multi-number), AIKA build (inbound receptionist + therapist confirmation + reminders + outbound dialler), Unified Dashboard configuration, Nixpend integration, SMS/payment/Maps/email integrations, security configuration, internal QA. |
| <b>Phase 3</b><br>UAT & Pilot                 | <b>Week 7</b>    | Validity UAT, supervised pilot calls and conversations, fine-tuning of prompts and flows, coordinator training.                                                                                                                                                                            |
| <b>Phase 4</b><br>Go-Live & Handover          | <b>Week 8</b>    | Production rollout, final admin training, handover documentation, start of the 12-month Term.                                                                                                                                                                                              |

Any delay attributable to the Client, third parties, regulatory approvals, scope changes or force majeure shall extend the timeline accordingly.

A-5 COMMITMENTS AND SERVICE APPROACH

A-6 SUPPORT AND SERVICE LEVELS (CONTINUED)

| Severity      | Definition                                                                           | Acknowledgement  | Resolution Target   |
|---------------|--------------------------------------------------------------------------------------|------------------|---------------------|
| S1 — Critical | Services fully unavailable, materially impairing operations, no workaround           | 2 business hours | Same business day   |
| S2 — High     | Significant functional degradation, limited workaround available                     | 4 business hours | 2 business days     |
| S3 — Medium   | Minor functional issue, intermittent fault, reasonable workaround in place           | 1 business day   | 5 business days     |
| S4 — Low      | General questions, enhancement requests, minor cosmetic issues, scheduled follow-ups | 2 business days  | Routine improvement |

The above are operational targets and not contractual service levels. Actual resolution times depend on the nature of the issue, Third-Party Service dependencies and remediation complexity.

ESCALATION PATH

PREMIUM SUPPORT (OPTIONAL ADD-ON)

24/7 monitoring & on-call support · Reduced response/resolution targets backed by formal SLA · Dedicated technical account manager · Priority access to product roadmap · Custom reporting and dedicated operational reviews. Available at additional cost on terms separately agreed.

ANNEXURE B

Commercial Terms

Integral part of Agreement  
COX-MSA-VTL-2026-001

B-1 ANNUAL LICENCE FEE

| ITEM                                                                                                                                                                                         | AMOUNT (SAR)         |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <b>Annual Licence Fee</b> — time-limited annual licence to AIWA, AIKA and the Unified Dashboard, together with configured deployment, integration and Term support (12 months from Go-Live). | <b>63,000</b><br>SAR |
| All amounts exclusive of VAT, withholding tax and Pass-Through Costs. Payable in SAR by wire transfer. This fee confers no perpetual right to use the Services or Code-ox IP.                |                      |

B-2 PAYMENT MILESTONES

| Milestone       | %    | Amount (SAR) | Trigger                                                                                      |
|-----------------|------|--------------|----------------------------------------------------------------------------------------------|
| Advance Payment | 50%  | 31,500       | Upon execution of this Agreement and before commencement of setup or development activities. |
| Final Payment   | 50%  | 31,500       | Upon successful completion of User Acceptance Testing (UAT) and Client sign-off.             |
| Total           | 100% | 63,000       | Payment due within 7 days of invoice.                                                        |

Production Go-Live activities shall commence only after receipt of the 50% advance in cleared funds.

B-3 ANNUAL CREDIT ENTITLEMENT

| Product | Credit Type                                                                            | Included Annually                       |
|---------|----------------------------------------------------------------------------------------|-----------------------------------------|
| AIKA    | Voice minutes (inbound, therapist confirmation, reminder, outbound marketing — pooled) | 15,000 min / year                       |
| AIWA    | Inbound WhatsApp messages                                                              | 58,000 msg / year                       |
| AIWA    | Outbound WhatsApp messages                                                             | Not bundled — pay per message (see B-4) |

Credits are pooled across the Term. Non-transferable between AIWA and AIKA. Do not carry over after expiry. Non-refundable.

B-4 PER-UNIT RATES FOR PREPAID TOP-UP CREDITS (TIERED)

Where included Credits are exhausted, additional usage is funded by prepaid Top-Up Credits. Tier rates apply to all units within the matching monthly volume band — the effective per-unit cost reduces automatically as Vitality's adoption scales.

| ADD-ON / 01 — AIKA VOICE MINUTES |                  | ADD-ON / 02 — AIWA INBOUND MESSAGES |                   |
|----------------------------------|------------------|-------------------------------------|-------------------|
| Monthly Volume Band              | Per Minute (SAR) | Monthly Volume Band                 | Per Message (SAR) |
| 0 – 5,000 min / month            | 2.30             | 0 – 15,000 msg / month              | 0.200             |
| 5,001 – 15,000 min / month       | 2.25             | 15,001 – 30,000 msg / month         | 0.195             |
| 15,001 – 30,000 min / month      | 2.20             | 30,001 – 60,000 msg / month         | 0.190             |

AIWA Outbound Messages — flat rate, no tiered band applies **SAR 0.31** per message

Rates are exclusive of Meta / WhatsApp Business Platform per-conversation fees, STC SIP carrier charges, SMS gateway fees and payment gateway fees — all of which are Pass-Through Costs payable separately by the Client. Top-Up Credit rates may be adjusted by Code-ox Technologies on 30 days' written notice to reflect material changes in underlying platform or third-party costs.

B-5 TERMS SPECIFIC TO THIS ANNEXURE

- B.5.1** VAT, withholding tax, Meta / WhatsApp per-conversation fees, STC SIP carrier charges, SMS gateway fees, payment gateway transaction fees and Saudi-region cloud infrastructure fees shall be billed in addition or borne directly by the Client.
- B.5.2** Payments shall be processed on time as per the agreed schedule in order to ensure uninterrupted project execution and support. Delayed payments may trigger suspension under clause 4.7 of the Agreement.
- B.5.3** Any additional features, integrations or scope changes outside the approved Proposal and the Inclusions at Annexure A, Part 2 shall be billable as additional work under clause 11 of the Agreement.
- B.5.4** Delays in approvals, API access, credentials or third-party dependencies may impact the project timeline; Code-ox Technologies shall not be liable for such delays and milestones shall be reset accordingly.
- B.5.5** Production deployment and Go-Live activities shall commence only after receipt of the 50% advance payment in cleared funds.
- B.5.6** The commercial terms set out in this Annexure are confidential and intended solely for this engagement.
- B.5.7** Annual Licence usage beyond the included Credits shall be charged as per the Overage rates in Part 4 of this Annexure.

IN WITNESS WHEREOF

The Parties have executed this  
Master Services Agreement

as of the Effective Date written on the cover page of this Agreement.
