**CUSTOMISATION SCOPE & EXCLUSIONS**

**Custom development is limited to Point of Sale and the Salla–Odoo integration**; all other modules are upgraded to Odoo 19 in their standard configuration. Odoo per-user licence, hosting, domain/SSL, payment-gateway and courier/SMS charges are billed directly by those providers and are Qaf's responsibility.

M

ANNUAL MAINTENANCE CONTRACT (AMC) · SAR 20,000 PER YEAR

# Maintenance of Every Module

After your 3 months of free support, the AMC keeps your whole Odoo system running — every module, all 17 POS locations and the Salla↔Odoo integration.

## What you get for SAR 20,000 a year

1. **Your whole system looked after**
   Bugs fixed, updates applied and the system checked regularly — for every module listed below.
2. **30 small changes included**
   For example adding a field, changing a report or adjusting a workflow. Each change can take up to 1 hour of work.
3. **Your own support team**
   A dedicated support person in Saudi Arabia, with an Odoo engineer on call in India.
4. **Bigger work at one clear rate**
   New features, or any change that needs more than 1 hour: **USD 40 per hour** — always quoted and approved by you before we start.

MODULES COVERED

**Every Odoo module installed in Qaf's system** — standard, custom and integration modules alike, not a fixed list. Any module in use is maintained under this AMC.

Sales · Inventory · Manufacturing · Quality · Project · Dashboard · Maintenance · Accounting · Purchase · Point of Sale · Salla–Odoo Integration · + any other module installed

## AMC Services — What's Included

| AMC SERVICE | WHAT'S INCLUDED |
|---|---|
| **Corrective Maintenance** | • Bug fixing and error resolution across all configured and custom modules.<br>• Root-cause analysis so recurring issues are fixed at source.<br>• Fixes tested on staging before release to live. |
| **POS Support** | • Support for all 17 POS locations — 14 branches + 3 franchises.<br>• POS session, sync, payment-method and receipt/printer configuration issues.<br>• Configuration changes to existing POS locations, products and pricing. |
| **Salla–Odoo Integration** | • Monitoring of the Salla↔Odoo sync — products, stock and orders.<br>• Resolution of failed or stuck syncs and data mismatches.<br>• Adjustments when Salla changes its API or webhooks. |
| **Updates & Compatibility** | • Application of Odoo minor updates, security patches and localisation (ZATCA) updates.<br>• Compatibility checks of custom modules after every Odoo update. |
| **Minor Changes** | • Small adjustments within existing modules — fields, views, report layouts, filters.<br>• User, access-rights and company-setting changes.<br>• Workflow tweaks that do not require new development.<br>• **30 small changes included, up to 1 hour each** — see page 4. |
| **System Health** | • Periodic health checks — scheduled actions, error logs, database performance.<br>• Verification that hosting-provider backups are running. |
| **User Support** | • Dedicated support channel (email / WhatsApp) to the Code-ox team.<br>• Dedicated support consultant in KSA, backed by an on-call Odoo engineer in India.<br>• How-to assistance and refresher guidance for staff. |

**NOT COVERED BY THE AMC**

Implementation of new modules, new features or integrations, additional POS locations beyond the 17 listed, and major Odoo version upgrades are quoted separately. Any other development request — change requests beyond the 30 included, or any single request above 1 hour — is estimated first and charged at **USD 40 per hour**. Odoo licences, hosting and third-party provider charges remain Qaf's responsibility.
